About Us: Mitigation Solutions USA (MSUSA) was founded in 2007, as an affiliate of Advanced Ecology Ltd. (AEL). MSUSA is a national leader in providing comprehensive environmental offsets — and has a history of successfully representing more than 28 mitigation banks and approximately 41 permittee-responsible mitigation (PRM) sites across the United States. MSUSA has expertise in navigating through the complexities of the mitigation industry and the challenges of brokering environmental credits to many markets. AEL was established in 1994 as an environmental firm of scientists who work on proprietary projects.
